

The Liquid Accents®

Walk-in Bathtub Collection

*Quality Products
for your Bath & Shower*

A therapeutic spa experience

Step in to your new walk-in bath, sit and relax. Our dual massage system surrounds your body with the soothing, deep muscle massage of a hydrotherapy bath and the relaxing effervescence of an air spa bath. Our walk-in bathtubs ease muscle tension, improve circulation and relieve pain associated with

many common ailments. With a low-height entry door, non-slip floor, easy grip access bars and an ADA-compliant seat, your new walk-in bathtub is safe to enter and exit. We also offer an outward swinging door option for the mobility impaired. Lean back and unwind in your own personal spa.

Our walk-in bathtub series offers:

- **Low-entry thresholds**
- **Inward and outward swinging doors**
- **Non-slip flooring**
- **Safe, sturdy grab bars**
- **Quick drain options**
- **Oversized seating**
- **Knee-saving designs**

Each tub is water-tested at our factory to ensure the highest standards and no leaks.

The benefits of hydrotherapy

Air and water jets are known to ease the pain of ailments such as:

- **Back Pain**
- **Muscle Pain**
- **Diabetes & Circulatory Diseases**
- **Arthritis**
- **Rheumatism**
- **Sports injuries and Other Physical Ailments**

Warm water helps to open up blood vessels, healing tissues, lessening aches and pains, while stimulating the immune system. Cold Water Therapy reduces swelling and helps to heal sprains. Air bubbles provide a gentle, caressing, therapeutic

massage. This increases blood circulation, relieving sore muscles, joint pain and inflammation. It also aids in releasing endorphins, the body's natural painkiller. Simply put, the best benefit is how great you feel when you get out of the tub.

The Alexis Walk-in Bathtub

5 Standard Therapies on the Alexis Walk-in Bathtub

Hydrotherapy Jet Massage

A total of 10 water jets massage the body, eliminating pain-causing lactic acid in the muscles, while helping to relieve body aches and inflammation.

Aromatherapy

A selection of scents are available which release neurochemicals in the brain that result in relaxation or invigoration, depending upon the scents chosen.

Air Bubble Therapy

18 air spa jets release thousands of tiny bubbles creating a gentle caressing massage, improving circulation. Warm air bubbles increase buoyancy, making tired muscles weightless and relieving tired joints.

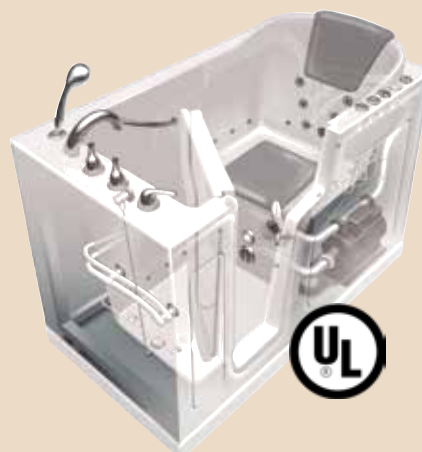

Ozone Therapy & Purification

Ozone purifies the water and aids in healing skin conditions. This low density ozone kills bacteria and viruses.

Color Chromotherapy

The use of colored lights in water improves one's mood and enhances relaxation. Chromotherapy is used for stress, insomnia and seasonal affective disorder.

UL Approved

One of the few walk-in bathtubs to pass the most stringent electrical testing lab in the United States.

L.A. 3053 Alexis

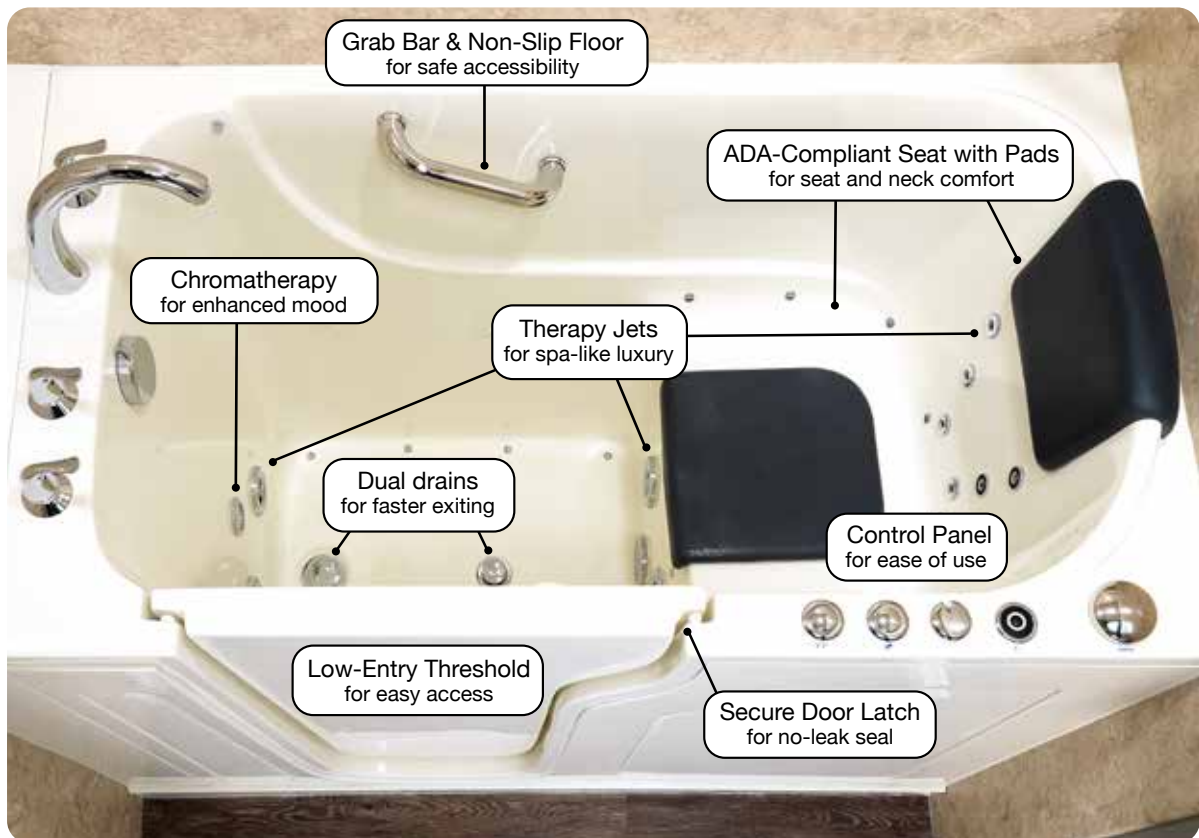

Safety, independence, comfort

With the 3053 Alexis Walk-in Bathtub, bathing at home is effortless, safe and soothing. Easy to enter with a low threshold and built-in safety grab bar. The Alexis has everything you need in a walk-in bathtub. Plus, the Alexis is the only walk-in bathtub to offer all five relaxing

therapeutic features standard. These features operate with the touch of a button providing the comfort and relief you seek. The Alexis Walk-in Bathtub conveniently fits into the same space as a standard-sized 60" bathtub or shower. This is our premier Walk-in bathtub.

L.A. 3252W Lincoln

Worry-free, easy access

The Liquid Accents 3252W Lincoln is extremely roomy, luxury-sized, and packed with specialty features. The extra-wide 34½" outward-swinging door is the highlight of this slide-in or transfer seat walk-in tub design. The full seat access from the exterior of the tub was specifically engineered for wheelchair users, seniors with limited mobility and those

users with special needs.

The Lincoln comes highly recommended by in-home and long-term health care professionals. Special attention was paid to the door and locking mechanism to ensure a worry-free, leak-proof door seal. The Lincoln is also an excellent choice for bathers who may have difficulty fitting through smaller tub doorways.

Liquid Accents

Better access for special needs

Lincoln Specifications:

31^{3/4}" W x 51^{1/2}" L x 40^{1/4}" H	23" W x 17" H	195 lbs	34^{1/2} (at top)
TUB DIMENSIONS	SEAT DIMENSIONS	TUB WEIGHT	DOOR WIDTH

L.A. 3052W Zurich

Accessible, compact and functional

Our 3052W Zurich represents an ambitious balance of accessibility, compactness, and functionality. The 30" wide, outward-swinging door allows near full front access to the seat making transfers from a wheelchair simpler, while still being able to open the door fully in a narrow, 60" wide bathroom space.

The Zurich comes highly recommended

by in-home healthcare professionals for its simplicity when assisting wheelchair users, seniors with limited mobility and those individuals with special needs. Special attention was paid to the door and locking mechanism to ensure a worry-free, leak-proof door seal.

Liquid Accents

Relief from nagging injuries

Zurich Specifications:

29^{3/4}" W x 52" L x 40^{1/4}" H	22" W x 17" H	185 lbs	30" (at top)

L.A. 3060 Buckingham

Comfortable and extra-wide

The 3060 Buckingham has been a staple in the walk-in tub industry for over three decades. Its 30" width and full 60" length perfectly fit into most standard tub or shower spaces, while its extra-wide 20½" seat and extended well provide a comfortable bathing experience and ample room to stretch your legs. Due to its full 60" length,

the Buckingham does not need a matching extension kit.

When selecting the Buckingham, it is important to consider the turning radius and other maneuverability factors to ensure it can be easily positioned in the bathing space and subsequently installed.

Liquid Accents

Perfect after a long day of gardening

Buckingham Specifications:

30" W x 60" L x 36" H	20½" W x 17" H	155 lbs	18" (at top)

L.A. 3052 Geneva

Compact and luxurious

The Liquid Accents 3052 Geneva provides a luxury spa experience from the comfort of your own home. Boasting a 40" high tub basin, the Geneva allows for deeper upper body water immersion while maintaining a

compact footprint for almost any bathtub or shower space. Its overall size and 20½" seat make the Geneva the perfect size for narrow, 60" bathrooms. The Geneva remains one of Liquid Accents top performers.

Consider this tub the 19th hole

Geneva Specifications:

29^{3/4}" W x 53" L x 37^{1/2}" H	20^{1/2}" W x 17" H	165 lbs	20" (at top)

L.A. 2848 Grove

Unique, space-saving design

The Liquid Accents 2848 Grove presents an elegant, safe and rewarding spa experience within a unique, space-saving design. The Grove's compact width and length allows for easy maneuverability through narrow doorways and hallways, fitting perfectly in tight spaces. This is the tub of choice for

installation in a 48" shower stall.

This rare tub size enables even mobile homeowners and those with a three-quarter bath to recapture their independence. The curved, "knee-saver" door design makes closing the door much simpler from a seated position.
